

THE BIG STORE

A CITY IN ITSELF

SIEGEL COOPER &amp; CO.

SIXTH AVE.

## And Now Even the Eleventh Hour Has Arrived.

Surely you cannot delay making your Xmas purchases much longer and certainly not without permitting the element of uncertainty to enter into affairs in which time means everything. In many of the smaller stores you will not any more find complete, representative assortments of anything. A limited stock is quickly broken up. Not so here. We have had this immense building, with its 765,000 square feet of space, literally packed with Holiday Goods, an assortment the like of which we do not believe any one store in the world has ever held before, and great as the drains upon it were ever since Dec. 1st, the stocks were so gigantic that we can yet boast of unbroken varieties—perhaps the only store in New York that can truthfully do so. *With assortments greatest and prices smallest, is not The Big Store best equipped to serve you?*

We also again call attention to the fact that in all New York there's but one absolutely fireproof retail store—The Big Store—and that we are keeping open evenings until Xmas.

## In Most Jewelry Stores

high quality won't associate with low prices. The Big Store's jewelry store is very different in this respect from other stores. We have bound high quality and low prices so closely together that one cannot exist here without the other. During the holiday season this is especially noteworthy—for while most stores deem it good business policy to charge more for goods now—than at other times—we bring every possible energy to bear in the opposite direction, and make our Xmas prices the smallest of the year. For instance:

**14-Inch Walter,** Quadruple plate, choice of two elegant designs, worth \$4.00, to-morrow special for—**2.25**
